

## ***Cybersecurity Internship/Work Experience Program***

The SENEDIA Internship and Work Experience Program began in 2013 as a pilot program. SENEDIA now offers paid internships year round for undergraduate and graduate-level students from RI colleges and universities. SENEDIA recruits candidates and accepted interns are placed with SENEDIA RI member companies, State agencies, and other RI businesses with cybersecurity needs. Companies provide in-kind support to mentor and train the interns.

### **Eligible Applicants:**

2<sup>nd</sup> year Community College of Rhode Island students  
3<sup>rd</sup> and 4<sup>th</sup> year and graduate Rhode Island university & college students

### **Requirements:**

U.S. Citizen required for defense work  
Minimum 8 hours per week at host company for 10 weeks

### **Outcomes:**

After participating in the internship program, students will have better understanding of business cyber needs as well as experience for their professional resume.

Skills and abilities gained will include:

- Experiential learning in the cyber field
- Preparation for a technical certification
- Communication skills
- Knowledge of business' cyber issues

### **Benefit:**

\$1,500 stipend paid by SENEDIA

*This effort is being supported by the Real Jobs RI grant initiative*
